

Diocese of Salina FertilityCare Services *Practitioner Education Program*

EDUCATION PHASE I

October 9-12, 2025 and
October 16-19, 2025

EDUCATION PHASE II

April 9-12, 2026 and
April 17-19, 2026

ACCREDITATION

This program has been approved for interim accreditation by the American Academy of FertilityCare Professionals (AAFCP). It adheres to the AAFCP Code of Ethics and provides students the educational background to become eligible for AAFCP certification.

LOCATION

Concordia, KS

PROGRAM PURPOSE

To prepare those who wish to provide the Creighton Model FertilityCare System instruction with the training necessary to deliver the highest quality of services.

APPLICANT CRITERIA

The program welcomes applications from those with strong motivation and commitment to the very highest quality educational services in FertilityCare.

Those eligible include:

- Registered nurses with current licenses
- Individuals with BA or BS degree
- Associate Degree/Diploma: LPN or equivalent of two years of college study

Further eligibility requires applicants to practice the Creighton Model FertilityCare System or be a philosophical acceptor. It also requires commitment to adhere to the AAFCP Code of Ethics. Applicants must not prescribe or refer for contraceptives and must not perform or refer for sterilization or abortion.

The program requires instruction of a minimum of 18 clients (women or couples) during the 13 months of instruction and supervision. Instruction of the clients will take place in person. Applicants must have a private location to teach from and able to find the required number of clients for in-person instruction.

CREIGHTON MODEL FERTILITYCARE SYSTEM

A safe, natural, and effective method to plan your family and understand your reproductive health. This method can be used to avoid and achieve pregnancy, overcome infertility, and find the cause of many reproductive health problems.

PROGRAM DESIGN

The Education Program is a 13-month course of study incorporating two classroom Education Phases and two Supervised Practicums of teaching experience. The Creighton Model FertilityCare System and NaProTechnology have been developed through the research and education efforts coordinated and directed by Thomas W. Hilgers, MD, in Omaha, NE.
