When is a hospital not just a hospital?

When it finds emergency shelter for families in crisis.

When it provides primary healthcare for children without access.

When it provides prenatal care and delivery to uninsured and underinsured women.

When it donates millions in free medical care to those in need.

When it partners with other organizations to provide dozens of critical humanitarian services to its neighbors, including the poor and uninsured.

In short, when it’s St. Mary Medical Center.

Congratulations to the American Academy of Fertility Care Professionals on their 30th Annual Meeting.

Because your health is our calling.

Our values guide everything we do. In each of our hospitals and clinics across the regions we serve, we’re called to make a healthy difference in the lives of individuals, families and communities.

It’s why, in coming together as Essentia Health, we adopted a common set of values—Quality, Hospitality, Respect, Justice, Stewardship and Teamwork. These values reflect the ways we’re here with you, providing a deeper kind of care for everything that’s essential to your health.
